### Responsibilities of the Research Advisory Committee:

- To review the research proposal and finalize the topic of research
- To guide the research scholar to develop the study design, methodology of research/patent and find the course(s) that he/she may have to do.
- To review progress of MRPs (Major/Minor Research Projects) and assist in the progress of the research work.
- A research scholar shall appear before the Research Advisory Committee once in six months to make a presentation of the progress of his/her work for evaluation and further guidance.
- To submit the progress reports to the respective Research Centre and RPEC chairperson with a copy to the research scholar.
- In case, the progress of the research scholar is unsatisfactory, the Research Advisory Committee shall record the reasons for the same and suggest corrective measures. If the research scholar fails to implement these corrective measures, the Research Advisory Committee may recommend to the Research Centre with specific reasons for cancellation of the registration of the research scholar.
