**E Waste (Electronics Waste)**  
**Collection Drive**

Any kind of electricity waste can be submitted.

Time : 10.30am Onwards

Venue: 7th Floor NSS Unit

**Minutes of the Meeting: - E- Waste Collection Drive.**

There was an online meeting held on the Zoom Platform.

**1<sup>st</sup> Meeting on 4<sup>th</sup> October ,2024 .**

- Volunteers were informed about the location of the E-Waste Collection Drive.
- Volunteers were told the reporting time and given basic information about the activity, including proper e-waste disposal methods.
- Volunteers were also acknowledged for their efforts in promoting responsible e-waste management and environmental sustainability.

**Report: E- Waste Collection Drive.**

**Event:** E- Waste Collection Drive.

**Date:** 5<sup>th</sup> October ,2024 to 18<sup>th</sup> February ,2025.

**Objectives:** To promote responsible disposal and recycling of electronic waste, reduce environmental pollution, and raise awareness about sustainable e-waste management practices.

**Highlight:** The NSS Unit of our college has organized the E- Waste Collection Drive. It aimed to promote responsible e-waste disposal and recycling while raising awareness about its environmental impact. Throughout the drive, students, faculty, and community members actively participated by collecting discarded electronic items such as old mobile phones, chargers, laptops, and other e-waste materials. Volunteers were educated on the harmful effects of improper e-waste disposal, including soil and water contamination, and were encouraged to adopt sustainable waste management practices. The drive successfully engaged the college community in reducing electronic waste, preventing pollution, and supporting recycling efforts. Informative sessions and awareness campaigns were conducted to highlight the importance of segregating e-waste and directing it to authorized recycling centers. The initiative fostered a sense of environmental responsibility among participants and inspired them to make conscious choices in handling electronic waste. The E-Waste Collection Drive was a significant step toward promoting eco-friendly habits and ensuring that hazardous electronic waste is managed safely and efficiently.

**Total Number Of Volunteers- 06.      Total waste collected - 6.986 gm.**
