Highlight: The **NSS unit** of our college organized the Red Ribbon Making RRC. The Red Ribbon Making initiative by the Red Ribbon Club (RRC) is an impactful activity focused on spreading awareness about HIV/AIDS. Through this program, volunteers come together to create red ribbons, a powerful symbol of support, solidarity, and awareness for those affected by HIV/AIDS. This activity emphasizes the importance of understanding the disease, reducing stigma, and promoting prevention. By distributing these handmade ribbons during awareness campaigns, the initiative encourages community participation and fosters compassion. Red Ribbon Making not only highlights the significance of collective action but also inspires individuals to actively contribute to the fight against HIV/AIDS. The initiative serves as a platform to unite individuals from diverse backgrounds under a shared goal of promoting health, knowledge, and empathy. Through Red Ribbon Making, the RRC reinforces the values of community action, drives attention to the cause, and inspires society to join the global fight against HIV/AIDS. This initiative is not just about creating ribbons but also about weaving together awareness, hope, and humanity.
