- Volunteers were acknowledged about the location.
- Volunteers were told reporting time and some basic information about the activity.
- Volunteers were also acknowledged about red ribbon importance.

Report: Red Ribbon Distribution RRC.

Event: Red Ribbon Distribution RRC.

Date: 02nd December, 2024.

Objectives: To raise awareness about HIV/AIDS and support through the symbolic distribution of red ribbons.

Highlight: The **NSS unit of** our college conducted The Red Ribbon distribution activity in college which plays a vital role in raising awareness about HIV/AIDS, emphasizing its prevention, and encouraging safe health practices among students. It serves as a platform for open discussions on the importance of regular testing, safe sex practices, and understanding the significance of reducing stigma surrounding HIV/AIDS. The distribution of red ribbons not only symbolizes solidarity with those living with HIV/AIDS but also acts as a powerful reminder of the ongoing fight against the epidemic. This activity helps students realize their responsibility as change-makers in their communities, motivating them to engage in health campaigns, and educate others. By fostering a sense of awareness, empathy, and action, the event aims to create a healthier, more informed campus and society at large.

Total Number Of Volunteers - 20
