

## **Motivational Speech by Principal Dr. Sridhara Shetty**

**25/06/2019 - TYB.COM B**

**26/06/2019 – TYB.COM A**

On 25th June 2019 & 26th June 2019, Principal Dr. Sridhara Shetty addressed TYB.Com students regarding the way to succeed in life. Every student has a different pattern to study, but Principal has enlightened the students with the actual pattern to study, it includes reading, writing, understanding & internalizing. Sir also addressed and discussed the Program Outcomes (POs) and Program Specific Outcomes (PSOs) under B.Com. Programme, thus adding more weightage to the programme

Later, discussing about the job prospectus, he made the students to realize that "there is no unemployment unless you are employed". He explained the importance of 3 P's i.e. planned reading, Purposeful reading & Profitable reading. He shared an example of his student who already prepared 25 days prior of her examination thus saying how proper planning and preparing for exam will help the students for their exam.

Concluding on how to prepare for the exam, he gave the formula of success i.e.  $\text{Success} = (\text{Capability} \times \text{Willingness} \times \text{Opportunity})$  Capability includes Knowledge + Skills. He explained that the multiplication sign in the formula of success is that if you lack any one of the above quality you will decrease the level of success.
