- Volunteers were also acknowledged about crowd management and safely giving polio drops.

Report: Pulse Polio Immunization Drive at Lokmanya Tilak Terminus.

Event: Pulse Polio Immunization Drive at Lokmanya Tilak Terminus.

Date: 8th December, 2024 to 13th December, 2024.

Objectives: To ensure polio vaccination for children traveling through a busy transit hub, promoting widespread immunity.

Highlight: The NSS Unit successfully conducted the Pulse Polio Immunization Drive at Lokmanya Tilak Terminus, aiming to vaccinate children passing through the busy station. Volunteers helped healthcare workers in administering polio drops to children and ensuring smooth operations at vaccination booths. They interacted with travellers, providing information about the importance of polio immunization. Informational pamphlets were distributed to raise awareness among parents and passengers. The drive received a positive response from the public, with many children vaccinated. Volunteers ensured that the process was quick and efficient, accommodating the high footfall at the station. The initiative played a key role in reaching children who may otherwise have missed the vaccination. The drive was completed successfully, contributing to the larger effort of eradicating polio from the region. The event was widely appreciated for its impact and smooth execution.

Total Number Of Volunteers – 12.

**Action Taken Report Of Pulse Polio Immunization Drive at Lokmanya
Tilak Terminus.**

Date	Feedback Received	Suggestions Provided
8 th December, 2024, to 13 th December, 2024.	<p>The feedback received was to appreciate the volunteers for their efficient coordination and helpfulness during the drive.</p> <p>Passengers and parents expressed gratitude for the initiative, highlighting its importance in ensuring children's safety from polio.</p>	<p>It includes increasing the number of volunteers to handle the high footfall and setting up more vaccination booths for faster service. This would improve the efficiency of the drive.</p>
