Highlight: The NSS unit of our college organized a street play at Vikhroli station to raise awareness about HIV/AIDS and its impact on individuals and society. The play highlighted the importance of prevention, early detection, and eliminating the stigma associated with the disease. Through compelling performances and interactive dialogues, the actors conveyed crucial messages on safe practices, the significance of regular testing, and showing empathy toward individuals living with HIV. The performance drew the attention of numerous commuters, sparking meaningful conversations and increasing public awareness.
