- Volunteers were also acknowledged about their dedication to educating the community about cyber security and ensuring the safety of personal digital information.

**Report: Door to Door Awareness on Cyber Security in the Residential Areas.**

**Event:** Door to Door Awareness on Cyber Security in the Residential Areas.

**Date:** 12th February, 2025 to 13th February, 2025.

**Objectives:** To educate community members about the importance of cyber security and safe online practices.

**Highlight:** The NSS Unit organized Door-to-Door Awareness on Cyber Security in Residential Areas was an educational and impactful initiative aimed at promoting digital safety and security. Volunteers visited homes in local neighborhoods, engaging in one-on-one discussions about the importance of cyber security in today's digital age. The campaign focused on educating people about common cyber threats such as phishing, identity theft, online scams, and data breaches. Informative pamphlets were distributed, containing practical tips on creating strong passwords, recognizing suspicious emails, and avoiding fake websites. Special attention was given to safeguarding financial information during online transactions and the importance of secure Wi-Fi connections. Parents were informed about safe internet practices for children, including monitoring screen time and protecting them from cyberbullying. Volunteers demonstrated two-step verification processes and explained how to safely use social media platforms without compromising personal information. Discussions also covered mobile security, including app permissions, avoiding malware, and updating software regularly.
