FEEDBACK

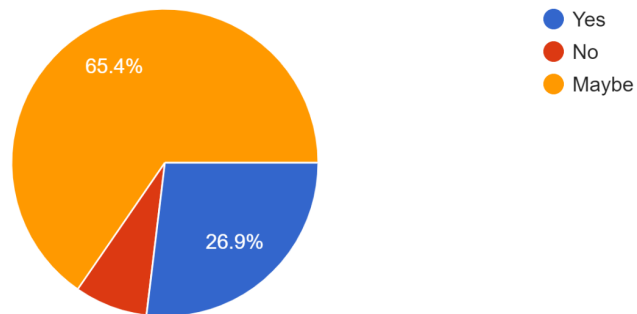

Do you think you are benefited by this knowledge?

52 responses

Would you like to participate in Avishkar with the help of guidance ?

52 responses

ACTION TAKEN REPORT

- Most of the students are not sure of participating in Avishkar
- Teachers can provide support to the students to build their confidence and motivate them to participate in the competition

Innovative and Effective Strategies to Learn English as a Second Language

Abstract

Language is considered as one of the most powerful systems of communication endowed by God to the human being. There is an innate desire to accomplish proficiency in English as a second language but India is an epitome of multi-lingual and multi-cultural phenomenon. There are plethora of challenges in the process of learning and acquisition of English therefore, it has emerged as an Herculean task. English is an international language because the entire world's knowledge is contained in the realm of English. There is a necessity of gradation of linguistic competence among the learners by steps and bounds in order to have global identity. Effective learning of English is like an odyssey experienced by non-native speakers. An attempt has been made to explore the seven letter magical and mythical word "EFFECTIVE" and its various passages in terms of challenges and remedies for the purpose of achieving mastery over this lingua franca.

Objectives

- To analyse various problems experienced by the learners.
- To develop interest about English.
- To motivate the learners to speak in English confidently.
- To eradicate the fear about English as a second language.
- To identify various barriers with regard to learning of English as a language.
- To implement the corrective measures for effective learning of English.
- To empower the learners with effective oral and written communication skills.
- To strengthen linguistic approach among the learners.

Hypothesis

Successful acquisition of English as a second language empowers resources in all spheres of life.

Methodology

Classroom Observations

Presentations

Mock Interviews

Listening Activities

Interpretation of Data

Subject: Hindi Language (for learners)

Mother Tongue Influence

Findings

Learners' difficulties in understanding English language.

Lack of self-confidence and inability to express oneself effectively.

Problems with sentence formation and appropriate application of tenses. For instance: I didn't know the problem.

Jobs never come in time.

Poor vocabulary often leads to failure of communication.

Lack of inclination of effective listening skills.

Lack of motivation towards communication.

Mother tongue influence and its impact on spoken English.

For instance: There is no arrangement in the answer. What is your good name? Carol, Ganes, Poo, Anshu, Ishika.

Improper video modulation resulting in monotonous communication. For instance: I am celebrating my birthday today.

Fear about English language leads to indirectly complex.

Learning English for short term or long term objectives.

Corrective Measures

Training in Listening Activity - In classroom Reading Habit

Handwriting improvement programme

Before	During	After

Enrichment of Vocabulary

Conclusion

An attempt has been made to explore various perhaps experienced in the process of learning four basic skills in English as a second language by the learners and corrective measures implemented were successful.

Applications of the Research

These effective methods of teaching English are capable of fostering a positive ambience in the mind of learner about learning English as a second language and empower to accomplish linguistic competence effectively.

Skills	Numeric Ratio	
	Before	After
Reading	2	4
Listening	3	4
Handwriting	2	5
