Report

As a part of Green Information Technology and social responsibility, Department of Information Technology had conducted an awareness and collection drive on e-waste near Powai. The drive was conducted on 5th February 2023 with 10 FYBscIT students and one Faculty member (Mrs. Disha Bhakta).

The drive started by visiting residents of Nahar , near Powai. Students explained on e-waste and its effects on environment. They also explained the idea of recycling.

Many residents also donated e-waste which further went to E-waste Bin which is managed by the college.

The number of residents home visited were 15. The drive got a very positive response and as a part of department we will further enhance it in other areas in future.
