**NOTICE**

This is to inform all the students of first year BSc Data Science that the Department of Data Science is organizing a **Bridge Course on Mathematics and Statistics** for eligibility to B.Sc. Data Science Programme as per the guidelines by the University of Mumbai vide circular no. AAMS\_UGS/ICD/2022-23/99 dated 15-09-2022, Ordinance No: 6606.

The students who have not opted for Mathematics during their class 12 will have to complete the bridge course for being eligible for the admission to First Year of B.Sc. Data Science.

The Course will start from 6<sup>th</sup> September-23. The training should be for 30 hours, 2 hours session on each of the following topics followed by examination of 50 marks with 5 marks questions on each of the following topics.

Measurement of Angles	Trigonometric Functions	Trigonometric Functions of compound Angles
Linear in-equations	Determinants	Logarithms
Permutations and Combinations	Mathematical Induction	Binomial Theorem
Integration	Statistics	Probability
Sequences	Differentiation	Factorization Formulae

**Report on Bridge Course of Mathematics and Statistics**

**Date: 6<sup>th</sup> September-23 to 20<sup>th</sup> October-23**

The Department of Data Science has conducted Bridge Course on Mathematics and Statistics for the learners of first year BSc Data Science from 6<sup>th</sup> September-23 to 20<sup>th</sup> October-23. The Bridge Course classes were taken by Prof. Suman Upadhyay, Prof. Namarata Dubey and Prof. Priya Giram.

This bridge course is conducted for the students of first year BSc Data Science who were not having Mathematics or Statistics in their HSC in order to fulfill the eligibility of Data Science course admission.

Total 12 Students in above case have participated in the course and after evaluation they have successfully completed the course.

**Outcome:** The learners found it very helpful and were very happy with the Bridge Course Classes. Many concepts of Mathematics and Statistics got clear in lectures and this will help students to understand the content mentioned in Descriptive Statistics and Pre-calculus syllabus given by University of Mumbai.

**DEPARTMENT:** ACCOUNTANCY AND FINANCIAL MANAGEMENT

**PROGRAMME:** Bridge Course in Mathematics for first year students of BCom, BBI, BAF and BMS.

**OBJECTIVES:**

1. To bridge the gap for the students who did not take Maths as a subject in their HSC but they would be studying it in the degree course.
2. To help the students to understand the basic concepts in Mathematics and Statistics for smooth learning in their first year.
3. To help the students to overcome fear for the subject by regular practice.
4. To prepare the students to solve mathematical problems with confidence and accuracy.

**NEED:** The students who faced difficulties in Mathematics at their school level and left the subject in HSC will be benefited.

**CONTENT:**

- Problems involving addition, multiplication, division, subtraction
- BODMAS will be introduced
- Laws of Ratio and proportion
- Comparison of two ratios, inverse ratio, effect of increase or decrease of quantity on ratio · How to calculate percentage and problems based on ratio, proportion and percentage from competitive exams
  - Divisibility tests of 2,3, 4, 5, 6, 8, 9, 10 and 11
  - Problems based of HCF and LCM from competitive exams
- Conversion of fractions to decimals and vice versa
- Conversion of fractions and decimals to percentage and vice versa
- Fundamental Principle of Counting
- Factorial notation
- Simple problems based on Permutation and Combination
- Basic terms and concepts related to Interest (Simple Interest and Compound Interest · Simple problems based on Simple Interest and Compound Interest from competitive exams. · Easy ways and tricks to do calculations using Vedic Mathematics concepts.

**Minutes of the Meeting**

The Mathematics Departmental meeting was held on 2<sup>nd</sup> August 2023 at 12:30 pm in the Conference room. The agenda for the meeting was as follows:

1. It was decided that Department will be conducting Bridge course in Mathematics from 5<sup>th</sup> August, 2023 onwards and teachers were requested to plan their course schedule likewise. 2. It was discussed with B. Com. Coordinator and Vice Principal Assistant Prof Sandesha Shetty that the course would be conducted for 30 hours.
3. It was also decided that the timings would be after 12 pm. for the convenience of students as they have lectures till 12 pm. for a duration or maximum 2 hours per day.
4. The syllabus and topic allotment to teachers was discussed by Asst Prof Suman Upadhyay and Asst Prof Namrata Dube and finalized.

## Report

The Department of Mass Media & Communication Skills had organized a short term English Bridge course for the students of S M Shetty Degree College from **14<sup>th</sup> August-8<sup>th</sup> September 2023**.

The course consisted of a 10 hrs duration activity based teaching syllabus which included basics of grammar, presentation, oral and written language skills etc. The bridge course was strategically planned to help students arrive at a level of proficiency required at the college level and to aid in better communication. The bridge course also targeted students from a non-English medium background to help them reach a level of sufficiency in this global language.

1 student successfully completed the course.

**REPORT:**

The Bridge Course on "Introduction to Electronics for Commerce Students" was conducted successfully for 5 days starting from July 24, 2023. The course aimed to provide students with a commerce background an insight into the fundamentals of electronics, with a particular focus on both analog and digital electronics. The primary objective was to bridge the knowledge gap and create a foundational understanding of electronic concepts.

The course witnessed active participation from the attendees, creating an engaging and interactive learning environment. The diverse background of participants, primarily from commerce, contributed to enriching discussions and varied perspectives.

The Bridge Course on "Introduction to Electronics for Commerce Students" achieved its goal of providing a foundational understanding of both analog and digital electronics. Participants gained insights into the world of electronics, and the case study helped them apply their knowledge to real-world scenarios.

**Outcome on Remedial Lectures**

The remedial lectures had the following outcomes:-

- Provided a platform for the students to interact with the course teachers and clear their doubts.
- As few students with the similar academic orientation were present in the lecture (as compared to regular lectures), the peculiar concepts were discussed in an easy to understand manner.
- Provided better understanding of the courses and improved their overall performance in the semester end examination.
