ABOUT THE COLLEGE

Bunts Sangha's S. M. Shetty College of Science, Commerce and Management Studies was established in 2008 by Bunts Sangha, Mumbai. The college is permanently affiliated to the University of Mumbai and recognized under section 2(f) of UGC.

Bunts Sangha, Mumbai was established in 1927 as a Charitable Trust and devoted itself to the cause of education, health care and social reforms of downtrodden and underprivileged class of people. The Sangha has been in the service of people for almost nine decades. Initially, the Sangha established two night schools mainly to cater to the needs of working students during the day time. During the last decade, more emphasis was given to the education of the masses.

Bunts Sangha's S. M. Shetty College of Science, Commerce and Management Studies is committed to the promotion and propagation of quality education with excellence. The main focus is to impart domain specific knowledge, flexible skill mix, positive attitudes, ethically sound values and continuous learning habits through reflective thinking in a student. The objective is to unleash the human potential within students for excelling in the chosen educational field. Our earnest attempt is to see that all this should take place with a sense of purpose, pride, direction and commitment.

Our Vision

"Personality Development for Nation Building"

Our Mission

To enable

Young minds to discover and develop their potential in an environment conducive to learning.

To create

Technically competent young individuals with practical skills.

To develop

Socially conscious and morally upright global citizens for a new India.

Our Objectives

- Continuous growth of our students through continuous growth of teachers.
- To unleash the human potential within students by providing necessary forum for co-curricular and extra-curricular activities.
- Take efforts to introduce the students to the contemporary realities of the world.
- To maintain good academic standards through innovative and effective teaching and learning methods.
- To imbibe in the students with ethically sound and socially useful values along with the curriculum and make them socially responsible citizens for a new India.

Quality Policy

The college has formally stated quality policy as under :

"To make the institution as student-centric with continuous upgradation of knowledge of the faculty which in turn benefit the stakeholder in general and students in particular to serve the society and meet the global challenge."

Tata Institute of Social Sciences (TISS) Director and Principal S. M. Shetty College signing the MOU

NUSSD Programme in Collaboration with TISS

Our college started the National University Students Skill Development' (NUSSD) Programme in association with Tata Institute of Social Sciences (TISS) in February, 2015.

NUSSD courses are designed on an integrated framework that pedagogically links academic course content, skill training and application for well-being as a credit-bearing educational experience. The course is offered in two parts. First part contains the Foundation Course offered to second year graduation students, which gives training to the learner in various value based and skill-based topics which will foster the inner capabilities of students, inculcating within the values of civic and interrelated environments.

The second part of the course which is offered to the learners after successful completion of the first part is Domain Course, in which, learners can choose one of the domains in inter-related skill areas in their third year of graduation. All domain areas will have entrepreneurship and livelihood modules. The TISS is co-branded with industry / academic partner, and is recognised by industry for skill and competencies, that enhances employability of the graduates both locally and nationally.

ADMISSION

Online Admission Procedure

Applicants aspiring admissions need to apply to a respective college, institute, or department. From the academic year 2013-2014 application for admission has been made available online by the University. Applicants may use this facility to the fullest extent for their benefit. The output of the "**Pre-Admission Online registration**" will be a printout of the application form to be submitted in college.

Applicants from states other than Maharashtra and foreign nationals have also to use this facility. However, foreign nationals have to undergo additional mandatory procedures by contacting the University.

The objective of "**Pre-Admission Online Registration**" is to

- Help applicants (and their parents) by providing thorough information about courses and colleges which offer it.
- Assist in applying for any course in any college of University of Mumbai without any hassles.

The purpose behind the "**Pre-Admission Online Registration**" is to provide an online mechanism through which applicants can directly apply online to various courses and colleges affiliated to University. This is also about enabling applicants from distant/remote locations to apply to colleges of their choice.

Please read all links given under the "**Pre-Admission Online Registration**" tab so as to understand the process.

B.Sc.DS

Bachelor of Science in Data Science

B.Sc.DS is a three years undergraduate degree programme. The three years are spread over six semesters, i.e. each year has two semesters. All subjects are compulsory in all semesters.

Data Science refers to extraction of knowledge from large volumes of data that are structured or unstructured, which is the continuation of data mining and predictive analytics. It involves different categories of analytical approaches for modeling various types of business scenarios and arriving at solutions and strategies for optimal decision-making in marketing, finance, operations, organizational behavior and other managerial aspects. This new field of study breaks down into a number of different areas, from constructing big data infrastructure and configuring the various server tools that sit on top of the hardware, to performing the analysis and developing the right transformations to generate useful results.

These skills will help for the role of a Data Scientist. As a Data Science aspirant, the learner will emphasize in getting the knowledge to share from the quantitative analysis to programming concept and extended to business intelligence. Data science can add value to any business which can use the data well.

Eligibility
