Event: Bombay High Court Visit.

Date: 20th February 2024, Tuesday.

Timing: 07:30 am To 03:00 pm.

Venue: Bombay High Court

Scope: To observe the mannerism in which the court cases proceed. Objectives:
To understand what happens behind the scenes and the law that serves us justice

Highlights: The main motive of the visit to the high court was to understand what happens behind the scenes in court and law that serves us justice. We observed the mannerisms in which the court cases proceed. This led us to comprehend the vocabulary and procedures that are to be followed in the court. The court is quite strict with the rules on how each person of the role is to behave to maintain a proper order through the hearing. We were able to catch a glimpse of all the supplies and props that are utilized in the court for the hearing and by the individuals involved. We then proceeded to the library and took a look at all the different types of books and documents stocked up.

Inauguration Details :

The lighting of the lamp ceremony was held as part of the inauguration of the moot court competition. The ceremony began with a brief explanation of its significance and how it is traditionally performed in Indian culture. The lamp, which symbolizes knowledge and wisdom, was lit by the Principal Dr.Sridhara Shetty, Prof.Sahana Raviprasad, and the other faculty members of the competition.

Opening Remarks: Principal Sir made opening remarks about the importance of the Legal system in our country and also shared some significant wisdom for participants. The ceremony was well-received by the participants and the audience, and it added a unique and memorable touch to the inauguration of the moot court competition.

Objective

The objective of a moot court competition was to simulate a real court proceeding, allowing students to practice and improve their oral and written advocacy skills. During a

moot court competition, teams of students present arguments before a panel of judges, who act as if they were presiding over an actual court case. The teams are typically given a set of facts and legal issues to analyze and argue, and they are expected to prepare written briefs and make oral arguments that address the legal questions presented.

Moot court competitions provided students with valuable experience in legal research, writing, and oral advocacy. By participating in a moot court competition, students were able to hone their legal reasoning and analytical skills, as well as their ability to present complex legal arguments in a clear and persuasive manner. Moot court competitions also offered students the opportunity to network with other students from different departments and colleges.

Experience of from P.O.V of a student

Participating in a moot court competition can be a challenging but rewarding experience for students. Students were typically given a complex legal problem to solve, and were required to conduct extensive legal research in order to prepare a written brief and oral argument. This process was time-consuming and demanding, but it also provided students with an opportunity to develop our legal research and writing skills.

Overall, participating in a moot court competition was a challenging but rewarding experience for us, and it can help prepare us for any career that requires effective and convincing communication. **Total teams 22 Participated out of which 16 teams were from other Law colleges (Male 49 & Female 38).**

BRAND STORY - CASE STUDY PRESENTATION 2023-24

REPORT

As a management studies student, it is important to learn lessons from real business cases which includes both success and failure stories and also the stories of revival with reasons behind them. This enables students to view a scenario from a manager's perspective and helps them to analyze the situations better and recommend workable solutions.

The BRAND STORY - CASE STUDY PRESENTATION was conducted as a compulsory activity for FYBMS students. In this activity the students chose a real case and learnt how to present it in a logical way. This activity preceded with a know show on Case Study Handling conducted by Ms. Nidhi Chandorkar.

The class was divided into groups. Each group after selecting the story prepared a case study which was submitted to the subject incharge of Principles of Marketing. They then presented their case to the class in an interactive way.

Each session of case presentation ended with discussion and remarks by the subject incharge.

The presentations were conducted on every saturday for both the division. The schedule was shared with the students well in advance.
