Through the magazine we honour and celebrate the best and the bright in us.

As a NAAC accredited 'A' Grade college it is our responsibility to set new standards for ourselves, to set new goals and also to set an example for others. Resonant is an attempt to be an example and to reflect our goals and achievements

Resonant is made possible by the guidance of Principal Dr. Sridhara Shetty and Vice Principal Dr. Liji Santosh. The efforts of the editorial committee have been ably supported by the efforts of the students and members of the staff.

## PRESIDENT'S MESSAGE

*Shri. Padmanabha S. Payyade*

### **'Personality Development for Nation Building'**

It is a pleasure to take over the reins of the institution at the culmination of ten fruitful years of establishment. This year is the decennial year of the college. Therefore, it is a moment of great pride for stakeholders who have worked hard to bring many accolades to the college. Not being one to rest on its laurels of having achieved 'A' grade in NAAC accreditation last year, the college this year also got certified 'Gold Level' for Healthy Workplace instituted by the Pennsylvania, US based Arogya World. It proves the commitment of the institution towards students and teachers for happiness and wellness.

The college also received Educational Excellence Award from Hyderabad and New Jersey, US based Indus Foundation, establishing once again the commitment of the college towards imparting quality education.

The tie up with E-Cell of I.I.T Bombay to promote innovative ideas, start-ups, and future entrepreneurs from the college is in tandem with the mission statement of the college which emphasizes on developing students potential by providing practical skills and also focusing on social consciousness of the students and thereby preparing them to be global citizens. Appreciating the work of the college in promoting skill development, Tata Institute of Social Sciences has extended the MOU for imparting its NUSSD program to the students of SM Shetty Degree College.

I applaud the efforts of the degree college in successfully hosting the 50th Youth Festival of the University of Mumbai and commend the incorporation of various practical oriented teaching methodologies, and extra-curricular activities that help develop the students' leadership and managerial skills.

I extend hearty congratulations to all the stakeholders on all the laurels they have achieved and hope to provide all the support and guidance that they may need in the pursuit of continued excellence.

## CHAIRMAN'S MESSAGE

*CA Shankar B. Shetty*

**“The Future Belongs to Those Who Prepare Today.”**

The world has changed so dramatically over the years and expected to change faster in the years to come. We are in a world where there are plenty of opportunities, which probably may not have been there before. We at Bunts Sangha's SM Shetty Educational Institutions have taken into account the challenge to take advantages of that opportunity by our students, by fully adapting our educational systems to that effect. The various contributions that are highlighted in the bulletin are some of the few accomplishments of our teachers & students during the last one year due to the advantages of the opportunities exploited. We are constantly changing ourselves to the ever changing requirements of present day world with rational thought process and upgradation. We always strive for creating dynamic, vibrant and contributing human resources for the nation.

We seek constant and proactive support from all stakeholders, by their feedback, suggestion and also constructive criticism. Please feel free to contact us on the email ID shankarassociates@yahoo.co.in which will be considered, implemented and appreciated. Over the years we have been able to develop as a responsible organization by the suggestion and criticism of the valued stakeholders.

I am very happy to be back in this esteemed organization as a chairman but would like to be there as lowest person in the pyramid, will always back those who can make difference in the organizational development and taking our college to a newer heights and I promise to be there with you all the time, as one among you and not as your chairman.

Thanks to all those who are responsible for the magazine and let me wish all on this annual day.

## FROM THE DESK OF THE PRINCIPAL

*Dr. Sridhara Shetty*

One more fruitful year has rolled by. The academic year 2017-2018 has been the important year, for it is the decennial year of the college. When we introspect, this year has been most fulfilling, satisfying and a year of awards and achievements such as NAAC 'A' Grade, Educational Excellence Award and Gold Level Healthy Work Place Award.

The theme for the academic year 2017-2018 is 'Grooming Youth for Future India'. We all believe and endorse that youth are our future. About 65 per cent of the population of India is below the age of 35 years and time is ripe to reap the demographic dividend. In Bunts Sangha's S.M. Shetty College, we admit our students as boys and girls and nurture and develop them as gentlemen and ladies. Our intention is to groom them as academically energized, ethically sound, emotionally strong, morally upright, physically fit, socially useful and spiritually strong individuals. This suits and correlates with our vision 'Personality Development for Nation Building'.

In the present day context, along with curriculum, co- curricular activities, extra curricular activities and extension activities should be encouraged so as to unleash human potentialities within every student. During the course, student should acquire adequate and sufficient domain knowledge, better skill mix, good civic sense, positive and a holistic attitude towards the welfare of the society.

Academic year 2017-2018 is the Decennial Year of the college (2008-2018). During this period, students' strength has grown manifold (from 240 to 2226), many programmes have been added including M.Com. , M.Sc.(IT) and Ph.D centre in Commerce. Infrastructure has been augmented for smooth and efficient teaching and learning. The college has been awarded with 'A' Grade by NAAC in the first cycle itself.

Apart from excellent NAAC Grade, college has also secured 'Educational Excellence Award' by Indus Foundation, Hyderabad and New Jersey, US and Gold Level of 'Healthy Workplace Award' by Arogya World, Pennsylvania, USA. This bears sufficient testimony of the progress, development and excellence of the college in its domain area and also in other areas. However, there is no place for arrogance and complacency. In the days to come with all humility, we say that, no stone will be left unturned in achieving higher accolades.

I thank our benevolent management, Vice-Principal, coordinators, teaching fraternity, non- teaching staff and students and parents for taking this higher seat of learning to a newer height. . We believe in the statement that nothing gives us more satisfaction than the work well done, whether small or big.

## FROM THE VICE PRINCIPAL'S DESK

*Dr. Liji Santosh*

**R**eaching out and reaching up, continue to be themes that reflect our activities in the college as we are celebrating our decennial year. We have moved beyond boundaries and opened our doors to growth and opportunities for our students.

At S.M. Shetty College, we believe in openness of mind, dignity of conduct and mutual respect in the back ground of social, economic, cultural, religious and linguistic diversity and develop a confident understanding of the role of a student in global society. We are giving special attention in developing inter and intra-personal skills of students through soft- skill, aptitude, personality, career and entrepreneurial development programmes. We enjoy beautiful infrastructure and all other students' amenities in the campus.

Continuing with opportunities, the college is venturing into new avenues such as faculty health programmes, research collaborations, incubation centre for entrepreneurship development and many more.

Research has taken a new leaf forward in the college as more number of students and faculty are encouraged to participate and thus we have been successful in developing a research culture.

Our management is visionary in constantly equipping the institution to attain its vision and mission. I am thankful to the dedication and commitments of the faculty, administrative and supporting staff and disciplined students of our college. I hope that the students may make use of those facilities offered to them and become more confident, academically brilliant and morally upright.

It is an exciting time and our college continues to thrive because of its guiding principles: responsible stewardship, promotion of learning, creative action and dignity for all. As we can foresee our place in the future, we know that there will be challenges but those challenges will be overcome by our will to succeed and excel.
