Report on “Exhibition on Introduction To Capital Market - The Dalal Street”

Date:

DEPARTMENT OF COMMERCE (BAF & BBI) of Bunts Sangha's S.M Shetty College of Science, Commerce and Management Studies (Autonomous) Powai, organized an enlightening exhibition on the Introduction To Capital Market - The Dalal Street (ICM) at 10:30 am in the open area on the 7th floor. The event aimed to highlight the significance of the capital markets in India, focusing on the role of Dalal Street (the financial hub of Mumbai) in shaping the country's economy. The event provided valuable insights into the functioning of stock exchanges, investment strategies, and the historical growth of capital markets in India. Total number of participants attended the exhibition were 56 out of which 10 were Male and 41 were Female.

Students of FYBBI class formed different groups and presented the exhibition as an engaging and educational event, by presenting different aspects of the capital market and its history. Here's a more detailed view of how students might have presented their work:

Participants showcased a wide range of exhibits, including detailed models of stock exchanges, charts analyzing historical market crashes and recoveries, and simulations of live trading environments. Several teams demonstrated how global events—such as wars, economic policies, and technological advancements—impact market dynamics, investor behavior, and stock prices.

One of the highlights was a timeline illustrating the evolution of the Indian stock market, from the establishment of the Bombay Stock Exchange to the rise of digital trading platforms. Another notable display featured a mock trading floor where students enacted the roles of brokers, buyers, and sellers, giving visitors a real-time feel of trading activities.

The exhibition was a great success, offering students an interactive and educational experience that deepened their understanding of India's historical evolution and cultural transformations. The exhibition not only deepened students' knowledge of economic principles and stock market operations but also fostered critical thinking, collaboration, and practical learning. It was a

resounding success and received appreciation from our In-charge Principal CS Sandesha Shetty, Vice-Principal and IQAC Coordinator Dr.Liji Santosh, BAF & BBI Coordinator Ms. Sahana Raviprasad, teachers and students for its depth, creativity, and real-world relevance.
