Action Taken Report on Cyber Security Course

Students actively participated during the cyber security course which was held by the department. Students appreciated and benefited from the course.

The review was taken to assess the appropriateness of the course, "Cyber Security". About 52.38% of the students strongly agreed that the trainer demonstrated strategies of engaging pedagogy to engage the class.

We plan to arrange for a better trainer for the better understanding and to increase the depth of the subject. We also plan to increase the number of hours of the course.

TECHNO-QUIZ

OBJECTIVE:

Quiz is a mind sport that encourages students to look beyond their textual knowledge and establish a relationship between theory and application of the learnt concepts. The quiz competition was held to promote a healthy debate amongst participants in order to learn from each other, aiding in the team building process and improve their skills that will give them an edge over their competitors.

REPORT

In the present world of competition there is a race of existence in which those having determination comes forward to succeed. The IT Association of S. M. Shetty College of Science, Commerce and Management Studies had organized an interclass quiz competition based on the technology on 13th of September 2017 at 11 a.m.

The quiz was of one hour, which consists of three rounds, filtration round, logo round and guessing the person the final round and thus eliminating the participants in each round. Total 18 Team participated in the event from BSc(IT).

Winner- Rakshit Shetty and Adarsh Shetty from SYBSc(IT)

Runner-up- Tanmay Agarwal and Sairaj Murlidharan from SYBSc(IT)

The students gained a lot of knowledge. It was really a successful event.

Assessment :

It was innovative activity. There is need to organise few more similar activities such as debate and presentation competition.

TECHNO-QUIZ: 2017-18

Date: 13th September 2017

The IT Association of the college had organized an intra-college quiz competition based on Technology. This quiz was a great opportunity for students to showcase their knowledge. 18 Teams participated in the quiz consisting of three rounds: filtration, logo and guessing round and thus eliminating teams in each round.

We plan to make Techno-quiz a major event in the college and take this event to intra to inter-college level and give students more time to prepare for the quiz.

College has been associated with Spoken Tutorial, IIT Bombay since last four years and this it has started orientation program for FY BSc.IT students so that they can be aware about the advantages they can get from Spoken Tutorial. Event happened on 14th August, 2017 at 9.10 a.m. Students were oriented about certification exam which is free of cost and they will be provided with IIT Bombay Certificate once they clear exam with the defined criteria. Also Spoken Tutorial provides free video tutorials given by IIT professors for those who want to learn new technologies in their own language other than English.

Assessment:

The program was successful to improve listening & grasping skills of students as more students show interest to take part.

Action Report on IIT Bombay Spoken Tutorial

The overall feedback for the program was excellent. Everyone agreed that they learnt a lot of things of value in this program.

Mixed reviews were received about two questions. First, if the content of the course met the attendee's expectations. Second, if the course material handed out was adequate. To solve these problems, a form will be given to the attendees well in advance before the event where they will write what they expect from the event. Based on this, the topics of the sessions will be decided. The course material will be planned in advance with more inputs so everyone can be satisfied.

As per the positive feedbacks received from the attendees, we are planning to have such events frequently so that students can have a value added certification from a recognized institution.

Action Report on Inauguration Function

The inauguration event was attended by the entire IT staff and the students. Feedback was taken on all the different aspects of the program. The feedback overall was very good.

There was a mixed review based on two of the questions. The first one was if the attendee would recommend such an event to other students and the second one was if the event met the attendee's expectations. Based on the suggestions given, we have decided to make the sessions more interactive encouraging use of audios and visuals so that the sessions don't get monotonous. The session topics will be based on voting from students so as to give the students the guidance they need in the fields they desire.

Action Report on Syllabus Revision Workshop

This workshop was attended by a total of 145 professors. Feedback was taken on the basis of each subject, arrangements and the hospitality.

Out of all the responses, maximum number of professors agreed that the sessions taken on all the subjects were good and of enriching value. The use of audio and visual methods is going to be encouraged for each session.

The arrangement and hospitality have got good feedbacks. As per the suggestion of the participants, department decided that in next similar type of program, we will provide sufficient amount of breaks so the program won't be tiring. To improve the quality of the conducted sessions, plans have been made to enhance interactivity between speaker and listener for next future program. We will also include information about travelling to the college so that the commute is easier.

ACTION TAKEN REPORT

Wallpaper Design: 2017-18

Date: 20th Jan 2018

Students have actively taken part in the Wallpaper Designing and showed some great skills during the event. Students faced some pc problems. Some pc was getting lag and the software's were not working properly so the department decided to upgrade the configuration of the pc's. Earlier there was 4 GB ram for each individual pc so we decided to upgrade it to 8 GB. So next year students will not face any pc problem and maximum number of students can participate.

Action Report on IIT Bombay Spoken Tutorial

The overall feedback for the program was excellent. Everyone agreed that they learnt a lot of things of value in this program.

Mixed reviews were received about two questions. First, if the content of the course met the attendee's expectations. Second, if the course material handed out was adequate. To solve these problems, a form will be given to the attendees well in advance before the event where they will write what they expect from the event. Based on this, the topics of the sessions will be decided. The course material will be planned in advance with more inputs so everyone can be satisfied.

As per the positive feedbacks received from the attendees, we are planning to have such events frequently so that students can have a value added certification from a recognized institution.
