The catchword for the academic year 2021-22 was 'hybrid'. As the world caught a break from the Covid -19 pandemic, some semblance of normalcy returned to the classrooms. A mix of offline and online classes also resulted in a mix of online and offline events.

Resonant 2021-22 presents an account of this mixed bag of activities , unending efforts and well earned achievements of the students and staff.

As always , the cover page of Resonant is the creation of a student. It is a depiction of the fine line we trod this year between caution and hope. Technology has become the inevitable helping hand for teachers and students alike.

Resonant is the proud document of our annual journey. In 2021-22 we have conducted our academic activities and our extra curricular activities with the diligence they deserve. From research to film fests , the year has been a one of variety.

The editorial committee headed by Principal Dr. Sridhara Shetty and aided by Vice Principals Dr. Liji Santosh and Asst Professor Sandesha Shetty , has attempted to present the efforts and achievement of the staff and students in their full glory.

The student editors have been an important part in the making of Resonant.

'Meri awaaz hi pehchan hai (my voice is my identity)' sang India's melody queen Lata Mangeshkar.

We hope that Resonant 2021-22 , our voice, meets your expectations.

Academic year 2021-2022 witnessed partially online mode of teaching and partially hybrid mode of teaching. The academic year did not support the all-round development of students due to the pandemic and its inherent risk. As a result students lost learnability which is the core of academics and sociability which is the central part of personality development. Despite this, college has taken necessary measures to keep the students updated and well informed.

Permanent Affiliation, one of the most sought-after requirements of the college was granted by University of Mumbai in 2021. Also we got the approval to commence post-graduation programme in M.Com in Business Management. We are going for the 2nd cycle of NAAC accreditation in the academic year 2022-2023. The college is slowly gearing up to know the intricacies of NEP 2020 and the challenges we need to overcome for its implementation. Meeting the structural changes and developing a multi-disciplinary institution is really an uphill task.

The pandemic thrust on us new challenges of teaching and learning. During the academic year 2021-2022, 1155 subject related videos have been uploaded for the benefit of the students. The library, to a limited extent, was taken to the door steps of our students. Three national conferences on different and varied issues have been conducted successfully. For the first time, the college organized 10 days Research Methodology Workshop with financial assistance from WRC – ICSSR. In an effort to enrich the curriculum of different Programmes, 24 Certificate courses have been successfully completed as per UGC norms. To take the students beyond the curriculum and to keep abreast with changing conditions, 326 curricular, co-curricular, extra-curricular and extension activities have been conducted.

We are hopeful that the danger of COVID-19 will subside and educational institutions will function in a normal way in the ensuing academic year 2022-2023 and we will restore the past glory of true academic environment in the institution.

FROM THE
VICE PRINCIPALS
DESK

Dr. Liji Santosh

Challenging the challenges are the words to summarise the academic year that passed. The academic year 2021-22 was full of challenges. Challenges to cope with the generation who was losing interest in the novelty of online classrooms, challenges to keep up the motivation of teachers to bring new ideas to keep the online classroom teaching active and alive, challenges to overcome the hurdles of the gloomy environment around.

Beginning of the new decade saw the worst cases of death in the city due to the ongoing pandemic. Managing the mental trauma of the students and teachers was the biggest challenge we ever saw since the commencement of the academic year 2021-22.

It's rightly said that there is always a solution for problems we encounter. We were successful in keeping all the activities alive online during the odd semesters and offline during even semesters. We could successfully organise more than three hundred online and offline events. These events engaged the enraged minds. And also challenged the productive notion of the millennial. We found new ideas and new vigour amongst them. The year that went by turned out to be fruitful in all sense.

The novel events introduced during the year was Deeksharambh – a student induction programme as per UGC guidelines, Samabhav – international film festival in association with MAVA on gender sensitivity, fitness mantras by NSS and Sports, Learning Marathi, celebration of Geeta Jayanti to enrich the NEP 2020, financial literacy programmes for the students and parents and an ICSSR sponsored ten days Research Methodology workshop.

When we face challenges, we truly face it rather than running away from it. It keeps us on track and makes us more courageous. We are truly grateful to our caring management, supportive parents, adorable students and gifted alumni for their all-round support throughout the year. We expect the same in the years to come.

*“Education is an ornament
in prosperity and a refuge
in adversity”- Aristotle*

The year 2021-22 was one of the most thrilling, challenging and a highly productive academic year. The year started with the online mode of Teaching-Learning which was later followed by the hybrid mode. This transition from online to offline coupled with offline exams for FY students was difficult for students. However, we are happy to successfully mentor and guide the students and help them adapt to this change successfully. We conducted many certificate courses, webinars, and seminars for the students to ensure students all-round development and not be restricted to academics only. We organized a series of Alumni Talks which was our monthly feature where our alumni shared their real life corporate experience with students to prepare them for a better future.

The year 2021-2022 has helped us revolutionize our teaching standards in the offline mode. The institute is pursuing the holistic approach, to inculcate right values among students to produce socially sensitive citizens. Thus encouraging not only curricular activities, but also co-curricular, extra-curricular and extension activities. Innovative teaching methodologies such as gamification of concepts, impact based research, community service oriented approach through field work, educational excursions, open educational resources (OERs), to highlight a few were adopted by the teachers to engage the students. Students' involvement in different committees and associations of the college has kept alive the aura of the college atmosphere, allowing them to go beyond the curriculum.

Today we are living in a fast changing complex society, which presents before us challenges as well as opportunities. In this context it all depends on every individual to respond to the situation with the right mindset. I remember the words of Benjamin Disraeli- “Nurture your mind with great thoughts, for you will never go any higher than you think.” Indeed, we need better education to have better thoughts, to be better human persons, and to build a better society. As expressed by Aristotle, at Bunts Sangha's S. M. Shetty College, we are consistently committed to impart education and share knowledge to the students that can help them to achieve prosperity and sustain them in case of adversities.

I believe learning is a continuous process and our partnership in learning with students to seek and deepen their knowledge provides enriching and innovative learning experiences. Along with that, our students need to be tapped to attempt new challenges and come out of their comfort zones.

Here at S.M.Shetty, we inspire dreams, ignite curiosity, motivate actions, and define the vision for tomorrow. We express our sincere gratitude to all our stakeholders for their constant support in the development of our institution. With everyone's support, I am confident that our institution will reach greater heights of excellence in the days to come.

ANNUAL REPORT

Education is not only a tool of acquiring information and degrees but extensively stretching beyond it. It is the training of body, mind and soul together. Schools and colleges are the places where the mental, intellectual, emotional, social and cultural traits of crores and crores of students are unleashed, nurtured and groomed. In the last one year students were deprived of a significant part of their educational outcome. Online teaching and other education related activities are not a perfect substitute to classroom teaching. Any education without a human touch is incomplete and side effects and potential hazards of such a model are huge.

However, policymakers, institutions and for that matter all stakeholders of the education system have shown resilience and demonstrated agility to take the students' causes to a certain level of logical end. Navigating students and parents through anxiety and stress is really an uphill task. But we have navigated our students through timely and appropriate actions. The teaching fraternity has instilled hope and confidence in every student.

If you have existential questions with no answers close by, I recommend you get hold of a book called *Homo Deus: A Brief History of Tomorrow* written by Yuval Noah Harari. Written in English, belonging to the Popular Science genre, the English version of this book was first Published on 8th September 2016.

Homo Deus is a sequel to the book *Sapiens: A Brief History of Humankind*, which was published in 65 languages and sold 40 million copies worldwide and has Bill Gates and Barack Obama in the fan list. *Homo Deus*, takes off from where *Sapiens* describes the evolution of humans from paleolithic times and the journey and challenges till renaissance. *Homo Deus* talks about the current capabilities and achievements of humans and predicts their future.

I read this book recently and the uncanny resemblance to the current pandemic and the prediction of a pandemic in the beginning of the 21st century in the opening chapter of the book, blew my mind away. The book is a methodical representation of information based on the author's extensive study of history and related subjects. *Homo Deus*- where 'Homo' refers to humans and 'Deus' to God, is a book that reflects on the god-like qualities that the humans are aiming to achieve in this 21st century. This book examines and postulates the various ways in which humans may be able to fulfill their desire for 'God' like status and their desire for immortality and happiness based on the past and the things happening in the present.

The predictions in the book are presented in an exceptional manner and make the reader ponder over the possibilities available for humans. It highlights the magnitude of human achievements and scientific discoveries and how humans have taught themselves to ride over difficult situations. There is one aspect of war which is still a challenge as we can very well see in the current Russia-Ukraine war.

The author puts a dark cast on the probability of the Internet of everything and the highly advanced computer based algorithms sidelining the humans forever. He proposes that the exceptional growth of artificial Intelligence based technology is going to make doctors obsolete eventually. Curing diseases will go beyond physical ailment to an emphasis on studying the mind and brain.

Another aspect that rattles the mind of the reader is the comparison of humans as mere biochemical algorithms and life as algorithmic data processing. Harari, portrays a possibility of obliteration of lesser humans by intellectually superior humans. The propositions are based on a data-centric world view rather than a human-centric view, however there seems to be a ray of hope to this gloomy prediction, that humans, learning from their past and harnessing the global consciousness may change the inevitable future.

The book is written in simple language and easy to comprehend. It takes an all-encompassing view of scientific discoveries as well as philosophical developments like humanism and individualism. The reader is bound to have some learning outcomes and life changing experiences while reading the book. This book reminds the reader to be open to learning and re-inventing oneself to keep up with evolution. It recommends one to be multi-talented as that will be the need of the future. The reader should be open minded and keep their personal prejudices and ego on the side while reading this book as it may from time to time challenge the readers current understanding and opinion of the world as it is and present them with information that may threaten their current beliefs. However, I feel by the time the reader reaches the end of the book, s/he will be thinking over a lot of things taken for granted and will be enriched by the entire exercise. It is an easy simple read and I highly recommend it to one and all. It has the power to influence the way we think and look at our world and our life.

About The Author:

He co-founded 'Sapeinship' with his husband and original agent Itzik Yahav. The Role of Alumni - An Alumnus perspective

Each man's death diminishes me,
For I am involved in mankind.
Therefore, send not to know
For whom the bell tolls,
It tolls for thee.
-John Donne

Times are changing. The world shudders for breath, having battled over a year with the Covid-19 pandemic, yet hope seems just around the corner with the vaccination drive across the country. This brings to my mind John Donne's "For Whom the Bell Tolls", a poem written in the 17th century, a time of great political and social upheaval in England.

The villages and towns of medieval England flourished around the bell towers, and the bell acted as a timekeeper or a call to arms, or a harbinger of any event that would effect them in one way or another. Most significantly, its tolling informed the village of the passing of a citizen, and overtime the bells ringing came to be associated with death's knell.

John Donne begins his poem by stating that "No man is an island,/Entire of itself". However, in the past year, news of hoarding of essential goods, registering for vaccine doses in districts beyond one's own, such that we consume what was meant for another community or an underprivileged group of people, that probably has limited or no access to apps or technology to even be aware of the vaccine. Man lives in relation to others; we have survived largely because of the vegetable vendors, the online essential goods delivery services, the rickshaw walas who agree to drive us to and fro, the ambulance drivers, the health workers, the scientists. Each of us are but a part of the whole. Someone else's loss is my own.

Donne also beautifully elucidates that desperate times call for desperate measures, humanity must congregate together in such times as these, but it must be a congregation of people who seek to act on behalf of another, in protection of another. Maybe the Covid-19 pandemic is our bell tolling, warning us of impending danger in the form of a self-centered and greed-driven capitalist society. It is time to heed to the sound, to seek beyond ourselves and beg of the question what must I do, how must I contribute? For when the bell does toll for me may I know I had lived not selfishly.

The Role of Alumni - An Alumnus perspective

The alumni of the college play a vital role that affects the perception as well as performance of the institution. Carrying the banner of the college into the organisations they serve, members at times single handedly create a lasting impression in the minds of actual and potential employers of those who graduate from the same college in the future. While the institution will prepare their pupils for the rigours of corporate life, the experience that the alumni draw serving organisations across sectors and geographical locations should be brought back to and shared with present students so as to ensure they are better placed to transition from academia to industry.

Apart from sharing the rich experience gained in the corporate world over, they are uniquely placed to refer fellow alumni, especially the batch just passing out of the college. Such references will ensure quick and remunerative placements to outgoing college students. Alumni making such referrals themselves often benefit from enhanced recognition from within their organisation since this reduces their recruitment costs. Many companies even compensate existing employees for referrals they provide. This symbiotic relationship can be leveraged to optimize placements in terms of rate, average compensation and ensures outgoing students are placed in the industry and role they desire within the confines of feasibility and due regard to labour market conditions. The Covid pandemic which continues to wreak havoc in the job market reinforces the role alumni have to ensure no one from their alma mater is wanting for employment.

The past nine years have seen ex-students return to the college as guest lecturers, to conduct workshops and participate in interactive sessions with present students. Some have even joined the institution to serve as teachers. Many have gazed in awe at the remarkable progress the institution has made in terms of infrastructure and amenities. For those who had to choose between a tiny elevator and at least six floors of stair climbing while ensuring they reached class in time are very happy to see the large elevators are now operational. On a recent visit by the alumni's core committee to discuss plans for the annual party, all noted in awe the splendid transformation the classrooms had undergone, many of which would put lecture halls at MBA institutes to shame.

While a lot of this transformation has been made possible through the sheer vision and hard work put in by the Principal, Vice Principals, teaching and non teaching staff as well as students admitted and graduating from the college, financial backing is extremely vital. While the stark difference from where we began and where we have reached in terms of infrastructural amenities signals the commitment of the management towards maximizing value both in terms of facilities and outcomes, the alumni must augment the internally generated revenues of the college so as to catalyze its advancement. As students we were often asked what the college could do for us, now it's our turn to ask what we can do for the college. The financial support the alumni can give the college could be used to fund the educational expenses of students from economically weaker sections of society and help the college in its aim of creating a more egalitarian society. Donations could also be made towards various infrastructural improvements the college may have in mind but cannot undertake for want of funds. While raising such a topic at the height of a pandemic may be considered untimely, one must think long and hard about those who are not as fortunate as us and who may have to choose between money for education and money for food. The alumni association must encourage its members to help ensure that potential students of this college don't end up having their dreams shattered for want of money.

Bearing in mind the alumni body is officially registered as a society under the Societies Registration Act, with its own bank account and PAN number, it is imperative that it leverages the trust bestowed on it by the college and acts as an enabler and facilitator for beneficial exchanges between the college and its past and present students. By harnessing the networks, knowledge and financial resources of its members, the Alumni Association can ensure a lasting symbiotic relationship that results in a virtuous cycle of progress with the alumni repaying its unquantifiable debt to the college thereby helping ensure inclusive education and value addition reinforced when the present students join the ranks of the alumni and give back to the college in the same manner demonstrated by those who graduated before them. By giving these tithes to our temple of learning we can rest assured we have attempted to repay what is invaluable and helped make others who we may never meet but are still linked to, better prepared for an uncertain world.

My Coronavirus Recovery Tale

On 7th of May 2020, I underwent testing for COVID-19 at a BMC testing camp near my residence. I got myself tested as I had spent a considerable amount of time on field reporting on Coronavirus developments in nearby slum establishments along with assisting NGOs in the distribution of essentials to daily wage workers, and the families of those struggling to make ends meet.

Panic set in the moment I had gotten myself tested. Suddenly, the grim reality of contracting the virus hit me. Until then, being personally affected by the virus felt like an abstract concept. I had taken all the necessary precautions during my journalism assignments. I kept soothing and reassuring myself with the thought, “I am young and that I will not contract the virus”. However, despite my best efforts at trying to put up a brave face, I was scared. The anxiety of not knowing my fate was killing me.

Was going out on assignments worth it? Is my work even appreciated? We reporters are the subject to critique and snide remarks, did I really have any obligations towards the truth? These were uncomfortable questions which crawled their way into my headspace. I spent the next day battling thoughts of my uncertain days to come and as destiny would have it...my tests came back positive.

After I received ‘the call’ from the BMC official confirming my ordeal, I was oddly put to ease. At least now I finally knew what was going on. My family, on the other hand, broke down in tears and were inconsolable. Looking at their despair, I tried my best to lift their spirits, without breaking down myself. I remember the last meal I had at home before leaving; its memory helped me brave through everything that was set to come my way.

I was taken to the Karve Nagar (Kanjurmarg East) quarantine facility in an ambulance. I wasn’t very hopeful at the start but then things took a positive turn with the passage of time. Everyone at the facility—doctors, nurses, helpers, patients—were scared. There is this sense of uncertainty that loomed and it was killing us all from within. The first couple of days were very rough, but then we found the key to beating the virus—relationships. In the centre, I befriended other COVID patients and we walked shoulder to shoulder out of the battlefield.

A handful of the staff went an extra mile towards making the lives of the patients a little more bearable. This kept our morale high and gave us a sliver of joy in our lives’ worst moments. The doctor who was assigned to our facility in the latter half of my stay there, used to bring things to eat for patients as the food at the facility was almost always inadequate, undercooked, and never arrived on time. On some days, we were also graced by insects in our food.

Overworked departments coupled with bureaucratic bottlenecks created delays in testing as well as the delivery of results. Countless patients had to stay in the facility long after their recovery because of the sluggish operations. I for one had to fight my way to get my reports back from the testing centre. And after 13 days of staying at the quarantine facility...I beat it. I beat the virus! I was allowed to go back home to my loving family. And all I can say is I’m a ‘new Gaurav Sharma’ in this ‘new normal’. And I know that we are all going to beat this virus and then years from now it’ll just be folklore, because the real vaccine is what we all have within us — humanity.

The Yakshagana Dance of Karnataka

Yakshagana or Yakshaganam is a form of folk theater that originated from the coastal Karnataka and Kasargod district of Kerala. It is a unique combination of dance, music, dialogues, colorful costumes, and heavy facial make-up. The stories of Yakshagana are mostly inspired by the Hindu epics like Ramayana and Mahabharata.

It is believed that Yakshagana originated from the ancient Bhoota-worship that we spoke about in our Tulu culture. Bhoota-kola in Tulu Nadu and Theyyam in Kerala have very similar origins. Yakshagana went on to be influenced by Sanskrit drama. That way you will notice that while Bhoota-kola and Theyyam focus more on local duties

Did you know that Yakshagana is known to have originated in small temple towns of coastal Karnataka? It further evolved with the influence of Sanskrit literature and drama. It is hard to pinpoint any one person as the founder of Yakshagana but it is believed that Narahari Tirtha is a minister in the kingdom of Kalinga introduced in Udupi.

The name literally translates to the music of celestial beings. The performances usually happen at night. Earlier it was common to have night-long Yakshagana performances. But now they have been shortened to under 3 hours. The one that we watched at Malpe beach was close to an hour.

Types Of Yakshagana:

Yakshagana is divided into two types that are Moodalpaya and Padavalapay. Moodalapalya is the old form of Yakshagana dance and is still practiced in villages where the lead singer lives. Paduvalapaya, on the other hand, is the popular version of Yakshagana in Karnataka.

Where can we watch Yakshagana in Karnataka?

Here are some suggestions on where to watch Yakshagana dance in Karnataka and many other places are there to see mostly various temples and villages also have their own troupes and host Yakshagana performances regularly. Dharmasthala temple in Mangalore the temple town of Kateel. There are a number of Yakshagana training institutes as well such as Yakshagana Kendra in Udupi

The Yakshagana season is from January to May and also happens during the Navratri season. Yakshagana is the dance of the state of Karnataka it can also be seen in some parts of the Kasargod district in Kerala

WE ALL ARE HUMANS

So, this topic is a bit confusing for all of us as we already know we are humans. Why am I explaining this topic? The only question I have is, do you all accept that you are humans? As I was born in a Hindu Brahmin family, I have never heard anyone saying that you are human and everyone around us is the same. All I have heard is we are Hindus and we belong to the upper caste. As we grow, we go to school and we get to know about various humans who look like us and can breathe, can talk, and can play with us. When it's time for a scholarship or educational benefits, the teacher gives a form and there we come to know about caste, religion, minorities and again we don't know which caste is good, what's upper caste whereas what is lower caste. We just fill the form and many of the benefits are in the hands of OBC at that moment. We feel they are the superior ones, they have the power of their group and so they get the benefits because we all were a pure soul and didn't know the difference and reason behind the benefits they get. It's just because we have made this upper-lower class, different caste different religions Muslim, Hindu, etc. These all are indifferent, it is us who make the difference. Just go back in time when you were a kid and you weren't aware of this world, you never mind whether a boy comes to play with you or a girl, whether a Muslim or a Hindu comes to you.

They were just humans with a kind soul who made you happy, cared for you. So why can't we all accept that everyone is a human without making groups and hating each other? We are citizens of India, a country which is known for its culture and brotherhood, where thousands of festivals are celebrated. We were not born with any tag of religion or caste, we are born as a human and will die as a human. It's us who will decide what we want, hate that is already present in the environment or we want a love that makes us and our environment positive and happy. Don't kill that kid in you who still has a pure soul and who still feels he is human and not a member of a so-called group.

We can celebrate every festival, those are not divided according to groups. We can love each other and we can help each other. This makes you a good human who respects others (just the way you want others to respect you). We have a short or long life, it is up to you to decide, "IF YOU WANT TO DIE HATING OR LIVE LOVING."

GLOBAL WARMING

Global warming or climate change has today become a major threat to mankind. The Earth's temperature is on the rise and there are various reasons for it such as greenhouse gases emanating from carbon dioxide emissions, burning of fossil fuels, or deforestation. Global warming is the unusually rapid increase in Earth's average surface temperature over the past century primarily due to the greenhouse gases released by people burning fossil fuels.

Impact of Greenhouse Gases

The rise in the levels of carbon dioxide leads to a substantial increase in temperature. It is because CO₂ remains concentrated in the atmosphere for hundreds of years. Due to activities like fossil fuel combustion for electricity generation, transportation, and heating, human beings have contributed to an increase in the CO₂ concentration in the atmosphere.

Global Warming: A Gradual Phenomenon

Recent years have been unusually warm, causing worldwide concern. But the fact is that the increase in carbon dioxide began in 1800, due to the deforestation of a large chunk of North-eastern American, besides forested parts of the world. Things became worse with emissions in the wake of the industrial revolution, leading to an increase in carbon dioxide levels by 1900.

Cause of Concern

According to the Intergovernmental Panel on Climate Change (IPCC), global temperature is likely to rise by about 1-3.5 Celsius by the year 2100. It has also suggested that the climate might warm by as much as 10 degrees Fahrenheit over the next 100 years.

Impact of Global Warming

The sea levels are constantly rising as freshwater marshlands, low-lying cities, and islands have been inundated with seawater. There have been changes in rainfall patterns, leading to droughts and fires in some areas, and flooding in other areas. Ice caps are constantly melting posing a threat to polar bears as their feeding season stands reduced. Glaciers are gradually melting. Animal populations are gradually vanishing as there has been a widespread loss of their habitat.

Conclusion

As per the Kyoto protocol, developed countries are required to cut back their emissions. There is a need to reduce coal-fired electricity, increase energy efficiency through wind and solar power and also high-efficiency natural gas generation.

Accept being different

This topic that I am writing about, 90% of the people know about them but won't like talking about them. Talking about transgender is considered a taboo topic. Transgender are strong, confident people who need acceptance in our society. Addressing transgender people the way they prefer to be addressed, demonstrates respect. Their families never supported them or accepted them and people have treated them inhumanly over the years. That is why they built their community so that most of them can live together.

Nowadays, the living condition of trans people has improved. They work hard to make a living and try to create a place in society and to gain respect from people. The visibility of the transgender community is increasing in popular culture, daily life, education, etc. There has also been an increase in awareness of their talents through social media platforms.

There are many other people as transgender who are not seen or heard and who come under the LGBTQ community. We must help each other no matter who we are or where we belong. Helping and respecting each other and each other's choices is important because we don't know what the other person is going through. Let the community choose to be happy and let us all support them.

Scary night: Fear warrior

Life is a path, you will play your part
not waiting for the wave, to wash it away;
Let's pack our bags, and never get out of the tracks
Never make other's low to get your good flow;

Sun may go mad, but the moon will be in your bad
Don't let the fear shout, take all the weakness out ;
Yes you can make it right, just hold your hands tight
Give a smile to the scary night, the moon will be by your side;

The night fought with fear, is the night you get a lot of tears
Don't let the tears win, give a smile and make it think;

The Difficult Time

The bad time comes to everyone,
But this is the worst time,
We all are going through.
Everyone is locked at home,
For a better cause ...
Everyone finds it a prison,
But no one realizes the good
about this.

To everyone,
Who are back at home,
Have got a chance,
A chance to bring out their hidden talent,
A chance to learn,
A chance to explore,
Not the world, but themselves.

Every day ask yourself,
What is that one thing,
You did in the whole day,
Which makes you feel good.
If you haven't,
Then do it,
This time once passed,
will never come back again.

Just an extra degree can make all the difference

Some days you lack discipline, some days you
lack motivation,
For success, you need a plan and lots and lots
of action.

When the going gets tough, the tough get going,
When the situation becomes difficult, work
harder to meet the challenge.

When things go wrong as they sometimes will,
When the road you're trudging seems all uphill.

Fear of failure keeps you away from your
dreams,
Keep going and one day you'll be supreme.

Listen to the voice inside of you telling you
never to stop,
You have a mountain full of difficulties to top.

Two diverged roads in the forest,
I took the less traveled and that has made all
the difference.

Let your imagination run free,
Tear down walls so you can see.

No matter how difficult things get, in the end,
you are going to find a way,
Because even after a stormy night the sun rises
bright in the day.

Punyakoti- The story of the cow

(Cow name: Punyakoti, Tiger name: arbuta, cow keeper; Kalinga)

Let me tell you the way,
Of Kalinga the cow keeper.
In the beautiful land of Karnataka,
In the center of the earth.

Under the mango tree,
He sat under the tree with his flute.
The fountains of happy strain,
The cattle gathered at one place.

Gange comes and Gauri comes,
Mother Tungabhadra came.
Punyakoti, you come here,
Where he called loud and clear.

Listening to all cowherd's calls,
Cow gathered one and all.
And then they overflowed their milk,
Until the earthen pot filled.

This is the story of a cow
Who said the truth was only a deity.

In a fiercely roaring of tiger,
He went rumbling and thundering.
Down to where cows all gather,
And sent them scattering here and there.

The cow's name Punyakoti,
Thinking fondly about her baby.
Heading back to the shed,
To her baby, she had to feed.

While roaring the cruel tiger king(arbuta),
Capture the calf mother Punyakoti.
Thinking about his last meal,
Blocked her way the tiger king.

This is the story of a cow
Who said the truth was only a deity.

The tiger king pounce on her,
While showing claws dig into her belly.
And says I'll tear your belly side by side,
The tiger king shouted in villainous pride.

Tiger listen to my little plea
My Kannada home waiting for me
Let me feed him just once more,

That comes to me when I'm hungry.
You'll slip away and never appear,
You lied to me, roared the tiger.

I promise my father and mother promise,
I promise my brother and sister.
If I don't keep my word,
Then I will not please my lord.

Punyakoti came back to our sheds,
To see her baby one last time.
Before I head back to tiger,
That I will give myself as food.

The calf cries telling
Who will take care of me,
Who will sleep beside me,
Who will hug me when I'm in grief?

Punyakoti begs his brother and sister,
Do not kick him,
Do not err him,
Treat her like an orphaned calf.

Punyakoti reached the entrance of tiger king,
Sat in front of a tiger as a meal,
Here takes my flesh meat,
Here, take the hot blood of my heart
and release your hunger.

Listening to those words,
Arbuta's (tiger) eyes filled with tears.
Apologize to Punyakoti I know that it
will not please the Lord,
The tiger jumped from a high mountain
and died.

Punyakoti now filled with joy,
And immediately return to the shed.
To her baby,
And chant Lord Krishna's name like a
prayer.

बाबा,

बाबा,

प्रयि म्हणू की नको समजत नाही आहे. कदाचित मी जगातली पहिली मुलगी असेल जी आपल्याच बाबा ला प्रयि बोलण्यासाठी कचरत असेल. कारण तू वागतोच तसा रे... एक रात्र अशी नसेल जी आम्ही मायलेकनि न रडता काढली असेल. दविसभर तर नजरेला सुद्धा नसतोस आणिरात्री येतो ते पूर्ण नशेत. संध्याकाळ होत आली ना की जीव असा घाबरघुबरा होतो. आज रात्री काय होईल, कोणत्या कारणाने बाबा चडिल आणभारेल याची भीती दाटून येते. असं वाटतं रात्र कधी होऊच नये. पण दविस संपतो आणिरात्र आपल्या सकट अंधार घेऊनच येते. आई ने लोकांची भांडी घासून कमावलेले पैसे ही तू तुझ्या दारू मध्ये उडवतोस.

इथे जाऊ नको, तथि जाऊ नकोस, याच्या शी नाही बोलायचं, त्याच्याशी नाही बोलायचं, घरातून बाहेर नाही जायचं, सगळीकडे बंधनं. साधं बाजारात भाजी आणायला जायला सुद्धा तू मला मनाई केलीस. का तर भाजी वाल्या काकांनी माझी वचिरपूस केली तुझ्याजवळ की “बाय कुठे आहे? बरेच दविस नाही दसिली.” ह्या कारणारून तू माझं बाहेर जाणच बंद केलं. इतकी कशी रे कुसलेली बुद्धी असू शकते कोणाची? त्या मायेच्या वाक्याचा कती घाणेरडा आणगिलच्छि अर्थ काढला तू... ते ही स्वतःच्या मुली बद्दल....!!! काय म्हणावं तुला? माणूस की अजून काही?

तुझी आई... माझी आजजी वारली तर त्याचा आरोप तू आई वर करून मोकळा झालास. आप्तेष्ट, नातेवाईक, सगळ्यांसमोर तू तला म्हणालास की तू माझ्या आई ला मारलस. कसं वाटलं असेल रे तला..?? अरे त्या बाईने त्या म्हाताऱ्या जीवाची कती काळजी घेतली हे बघायला तू घरी तरी असायचा का? खुशाल आरोप करून मोकळा झालास. आणती गेल्यावर तुला आई आठवली.... जेव्हा ती एका जागेवर पडून होती, हलायला जमत नव्हतं, तेव्हा तुला फक्त एवढंच म्हणाली की “वलास सुधर रे बाबा आता तरी” तेव्हा चक्क तच्या मानेवर पाय ठेऊन नधून गेलास. अरे काय हालत झाली होती तची... श्वास घेणं सुद्धा मुश्किल झालं होतं तला... त्या वेळी माझ्या आईने सांभाळलं तला आणत्याच बाईला म्हणतोस की माझी आई तुझ्यामुळे गेली.... वाह रे....

मला आणआई ला कामाला जायला नाही म्हणाला होतास. अरे बाहेर नाही गेलो, काम नाही केलं तर पैसे कुठून मळिणार होते? तू स्वतः तरी कुठे जात होतास कामाला... आम्ही कमावलेल्या पैश्यांची तर दारू पीत होतास ना? स्वतः मध्ये तर पैसे कमावण्याची धमक नाही आण आम्ही आणले घरात चार पैसे तर ते ही ओरबाडून घ्यायचे. अरे एक बंद पडलेलं घड्याळ सुद्धा दविसातून दोन वेळा अगदी बरोबर वेळ दाखवत, दविसातून दोन वेळा कामी येतं पण तू...??

रोज वाद, भांडण, मारणं. कंटाळले होते मी.... आई ला म्हणाले जाऊयात कुठे तरी दूर... रहुदेत याला एकट्याला.. पण माहति आहे ती काय म्हणाली.... ती म्हणाली “कसा ही असला तरी बाप आहे तो तुझा, जन्म दला आहे त्याने तुला. आधी नव्हता ग तो असा परस्थिती ने असं बनवलं त्याला. आम्ही प्रेम ववाह केला, तो चांगला कामाला होता, पुरेसा पगार ही होता. तू झालीस तेव्हा सगळ्यांना मला मुलगी झाली म्हणून खुश होऊन पेढे वाटले होते त्याने. तू एक वर्षाची असताना त्याची नोकरी सुटली, मग होते तेवढे पैसे जमवून आणिकाही कर्ज घेऊन व्यवसाय सुरू केला पण तो ही पडला. देणेकर्यांचे घरी येणे जाणे वाढले. जे काही काम हाती घेईल, नरिशाच पदरी पडली त्याच्या. कर्जाचा डोंगर कोसळला होता म्हणून घर वकिलं. सगळं सहन होत नव्हतं त्याला मग दारूच्या आहारी गेला आणतिथिच सगळं संपलं.”

सगळं ऐकून मी दंग झाले होते. माझ्या बाबाने इतकं सहन केलं आहे मी वचिरच नव्हता केला. पण तू त्यावेळी हार मानली नसती आणदारूच्या आहारी न जाता प्रयत्न सुरू ठेवले असते तर कदाचित आज माझा बाबा काही वेगळाच असता. आज ही आम्ही दोघी तू सुधारण्याची वाट पाहत आहोत. मला माझ्या बाबाचं प्रेम हवं आहे रे.... मी तुझी तीच मुलगी आहे जी जन्मल्यावर तू आनंदात सगळ्यांना पेढे वाटले होते. कधीतरी दारूची नशा फेकून ओळखशील का रे मला...???

तुझी एकुलती, सख्खी, रक्ताची मुलगी,
वभिा वलास माने.

रणझुंजार छत्रपती संभाजी महाराज

हृदिस्तानाच्या इतहासात कमी कारकीर्द असलेले परंतु त्यांचे पराक्रम झंझावतासारखे होते. इतहास आजही त्या काळाचा साक्षी आहे . या महान राजाचा जन्म १४ एप्रिल १६८९ रोजी पुरंदर कलिल्यावर झाला. त्यावेळी त्यांच्या आई वजरचुडेमंडीत सईबाईसाहेब यांची तबयित खालावली होती. त्यांचे वडलि साक्षात छत्रपती शिवाजी महाराज होते. बाळ खुप महान होते. स्वराज्यावर अफझलखान नावाचे संकट आले आले होते. छत्रपती शिवाजी महाराजांनी प्रतापगडाकडे प्रस्थान केले होते. त्यां काही काळात सईबाईसाहेबांचा राजगडावर अकाली नधिन झाले. शंभुराजे आईच्या मायेला पारखे झाले होते. त्यां घटनेनंतर त्यांच्या सातही आईसाहेबांनी व त्यांच्या आजी वजरचुडेमंडीत जजिबाईसाहेब यांनी त्यांना खुप जीव लावला. . अफझलखान वधानंतर छत्रपती शिवाजी महाराज पन्हाळ्याच्या कैदेत अडकले त्या समयास शंभुराजे जजिबाईकडून राजकारणाचे धडे घेत होते. नंतर ते तलवार, भाला यांसारखी शस्त्र चालवण्यात ते पारंगत झाले. पन्हाळ्यातून सुटल्यानंतर शाहसित्तेखानाची पुण्यातून पळवून लावला. छत्रपती शिवाजी महाराजांनी औरंगजेबाची सुरत लुटली. यावर चडून औरंगजेबाने स्वराज्यावर मरिझाराजे जयसगि यांना स्वराज्यावर पाठवले. मरिझाराजे यांनी स्वराज्याची नासाडी केली. पुरंदरचा कलिल्याचे कलिलेदार मुरारबाजी देशपांडे वीर रणांगणात धारातीर्थी पडले. छत्रपती शिवाजी महाराजांनी स्वराज्य वाचवण्यासाठी मरिझाराजे जयसगिासोबत तह केला त्यालाच पुरंदरचा तह असे म्हटले जाते. हा पुरंदरचा तह ११ जून १६६५ साली झाला. पुरंदरच्या तहानंतर ते साक्षात मरिझाराजे यांच्या वनिती नुसार कुरुर औरंगजेबाला भेटायला जाणार होते. परंतु त्या अगोदर त्यांना तहाप्रमाणे २३ कलिले व चाळीस लक्ष्य मुलुख द्यावयचा होता.

शंभुराजे ओलीस म्हणून मुघल छावणीत राहायला आले. या घटनेपासून त्यांनी राजकारणाला सुरवात केली. मरिझाराजे त्यांची बुद्धि बघून आश्चर्य चकीत झाले. तथुन पुढे त्यांना छत्रपती शिवाजी महाराज यांच्यासोबत आगूर्याला गेले. छत्रपती शिवाजी महाराजांनी भर दरबारात औरंगजेबाचा पाणउतारा केला. पुढे या अपमानामुळे ते कैदेत पडले. शंभुराजे प्रतनिधी म्हणून औरंगजेबाच्या दरबारात जाऊ लागले. औरंगजेबाने त्यांना वचिरले होते की हमारे पैलवांनो के साथ कुशती लढोगे त्यावर शंभुराजे म्हणाले होते इन पैलवानों के साथ कुशती लडने मे हमारी कोई शान नही अगर मकोई बराबरी का शहजादा है तो मे अभी अखाडेमे उतारने के लपि तयार है हा जवाब ऐकून औरंगजेब आश्चर्यचकीत झाला. पुढे शंभुराजे व शिवाजी महाराज यांच्या नशाबित कैद आली. परंतु शताफीने औरंगजेबाच्या हातावर मठिई ठेवत नऊ वर्षाचे संभाजीराजे व छत्रपती शिवाजी महाराज कैदेतून नसितले. महाराजांनी संभाजीराजांना सुरक्षिततेसाठी मथुरेत मोरोपंत पगिळे यांच्या नातेवाईकांकडे ठेवले. छत्रपती शिवाजी महाराज राजगडावर पोहूचून त्यांनी संभाजीराजेना च्या मृत्यची खोटी बातमी पसरवली. त्यांचे मृत्युनंतरचे कार्य पण राजगडावर उरकले. परंतू काही काळात च संभाजीराजे सुखरूप राजगडावर आले. त्यानंतर त्यांना तहाप्रमाणे शिवाजी महाराजांनी औरंगाबादच्या सुभेदाराकडे म्हणजेच शहजादा मुरादकडे पाठवले. कारण येणार्या काळात दलिली जकिण्याच्या योजनात तो हूकमी एक्का होता. छत्रपतीनी मुघलांशी झालेला तह औरंगजेबाने मोडल्यामुळे स्वराज्याचा वसितार केला. शंभुराजांनी याच संस्कृत मधून बुधभुषण ,नायकिभेद, ब्रज भाषेतून सतसातक, आजांरांवर उपचार यासाठी नखशकिा या सारखे महत्त्वपूर्ण ग्रंथ रचले.

रायगड आनंदी झाला कारण शिवाजी महाराज छत्रपती व सहिसनाधीश्वर झाले. प्रत्यक्ष सभासदाने वर्णन करून ठेवले पातशहीत एक मरुहांटा पातशहा झा ला ही गोष्ट सामान्य नाही. संभाजीराजे खऱ्या अर्थाने स्वराज्याचे अभषिकित युवराज झाले. आर्णा इंथुनच त्यांच्या खडतर प्रवासाला सुरवात झाली. राज्याभषिकानंतर बारा दविसात त्यांच्या आजी जजिबाईसाहेब देवाघरी गेल्या. संभाजीराजांचा खुप मोठा आधार गेला. शंभुराजांनी वयाच्या ११ व्या वर्षी गुजरातमध्ये समशेरीची चुणुक दाखवली . फडावर त्यांचे काम वाढू लागले त्यांत त्यांना कारभार्यांचे गैरप्रकार लक्षात आले. कारभारी मंडळीना ते चांगलेच धारेवर घ्यायचे. छत्रपती शिवाजी महाराजांनी दक्षिणदिग्वाजियाला जाण्यापूर्वी संभाजीराजांना शृंगारपुरात पाठवले. युवराज संभाजी राजे दलिलिखानाला जाऊन मळिले. याला कारण असे होते की शहजादा मुरादला नामधारी दख्खनचा बादशहा बनवून दलिलीवर आक्रमण करायचे ,दुसरे म्हणजे सर्व मराठी सरदारांना आपल्याकडे वळवायचे. परंतु यश लाभले नाही. युवराज संभाजीराजे कसेबसे दलिलिखानाच्या तावडीतून नसितले. या प्रकरणानंतर शंभुराजेवर फतिरीचे आरोप लागले परंतु यात काही तथ्य नव्हते. छत्रपती शिवाजी महाराज यांनी युवराज संभाजीराजेशी भेट घेतली. त्यांच्यात बऱ्याच महत्वाच्या मुद्द्यांवर बोलणे झाले. छत्रपती शिवाजी महाराज यांनी राज्यवभिजनाचा प्रस्ताव युवराज संभाजीराजे यांच्या समोर ठेवला परंतु युवराज संभाजी राजांनी तो प्रस्ताव नाकारला कारण त्यांना अखंड स्वराज्य हवे होते. छत्रपती शिवाजी महाराजांनी सोबत असलेल्या सरसेनापती हंबीरराव यांना युवराज संभाजी राजेना छत्रपती द्यायचा नरिणय घेतला.

छत्रपती शिवाजी महाराज पन्हाळ्यावरून रायगडाला आले. राजारामांचे लग्न लावले. परंतु अंतर्गत कलहामुळे शंभुराजेना बोलावणे धाडले नाही. काही दविसातच म्हणजेच ३ एप्रिल १६८० रोजी छत्रपती शिवाजी महाराजांचा मृत्यु झाला. स्वराज्याचा आधार गेला. ही गुप्त ठेवली. काही दविसातच कारभार्यांनी राजारामांचे मंचकारोहण केले. नंतर कारभारी मंडळी पन्हाळ्यावर शंभुराजांना कैद करायला गेले. परंतु शंभुराजेरील हा कट सरसेनापती हंबीरराव मोहीते यांनी उधळून लावला. राजे कवी कलश, येसुबाई, रायप्पा, ज्योताजी व इतर सरदारांसह रायगडावर आले. कारभारी मंडळींना कोठडीत टाकले.नंतर त्यांना कोठीतून घरी राहायला सांगितले व त्यांना नजरकैदेत ठेवले पुढे संभाजी महाराजांचा मंचकारोहण झाले परंतु स्वराज्य अबाधित ठेवण्यासाठी त्यांना राज्याभषिक करावा लागला. ते आता स्वराज्याचे दुसरे छत्रपती होते. छत्रपती झाल्यानंतर १५ दविसानंतर बर्हाणपूरावर हल्ला चढवला. सातीच्या सातही पुरे धुतले. बर्हाणपूर च कोळसापुर केले. औरंगजेबाचा मुलगा अकबर संभाजीराजांकडे मदत मागायला आला. हे पाहून आलमगीर औरंगजेब दक्षिणेत आठ लाख फौज, हत्ती, तोफा, बंदूकधारी फौज, खजनिा, नोकरचाकर, मुघल सरदार, जनाना घेऊन उतरला. रणझुंजार छत्रपती संभाजी महाराजांनी थेट घोडा मारला तो गोव्यावर. गोव्याच्या पोर्तुगीजांना गारद केले. कारभार्यांनी पुन्हा एकदा स्वराज्य मुघलांच्या ताब्यांत द्यायचा भयंकर कट संभाजीराजांनी हाणून पाडत त्यांना सुधीरगडावर हत्तीच्या पायी देण्यांत आले. कर्नाटक च्या चक्कदेवरायाला पराभूत केले. चक्कदेवरायाच्या मोहीमेत छत्रपती संभाजी महाराजांनी जगातील सर्वोत्कृष्ट बुलेटपुफ जैकेट तयार केले. जंजिरा मोहीमेत ९९% कलिला ताब्यात आला होता. परंतु औरंगजेबाच्या हसनअलीखान सरदाराने स्वराज्यावर चालून आला त्यांनाही मोहीम अर्धवट सोडावी लागली. मुघलांना पार हलाल करून करून टाकले. शहाबुद्दीन, फत्तेखान सारखे अनेक सरदार रामशेज जकू शकत नव्हते. साधा रामशेज जकू शकत नव्हते स्वराज्य तर दूरची बात होती. अक्षरशहा दविसरात्र संभाजीराजे स्वराज्याच्या कार्यात स्वतःला झोकून घेतले होते. मायनाक भंडारीच्या मुलाला इंग्रजांनी मारले म्हणून इंग्रजांना दविसा तारे दाखवले. औरंगजेबाच्या बलाढ्य फौजेला दविसा तारे दाखवले. औरंगजेबाने त्यांचे पराक्रम बघून स्वतः च्या डोक्यावरचे कर्मिंश काढून फेकले.

खरोखर ते सवाई शिवाजीराजे होते. परंतु दुदैवाने संगमेश्वराच्या कसब्या वाड्यात घातकीने कैद करून त्यांना ४० दविस अशकषर हाल केले व त्यांनी सोसले आपल्या स्वराज्याससाठी व इथल्या रयतेसाठी. खरोखर त्यांच्या सोबतचा जीवलग मतिर कवी कलश ज्यांनी अक्षरशहा राजांना प्रत्येक मोहमित जीवाभावाची साथ दिली. त्यांनाही संभाजी राजांसोबत पकडून आणले होते. संभाजीराजे औरंगजेबाला म्हणाले अरे औरंगजेबाला तू आमहाला काय कैद करशील उलट तूच कैद झालायच हमित असेल बाहेर पडून दाखव. संभाजीराजांना मरणयातना दिल्या. तुळापुरच्या संगमावर भीमा इंद्रायणी च्या नदीकाठी त्यांच्या शरीराचे तुकडे केले. परंतु वढु गावच्या लोकांनी त्यांचा हमित करून अंत्यसंस्कार केले. खरोखर च छत्रपती संभाजी महाराज ज्यांची तलवार कर्नाटक पासून ते बर्हाणपूर पर्यंत तलवार गाजवणारे यांचा पराक्रमी इतहास संपूर्ण जगभरात गाजत राहिल यात काही शंका नाही.

आँसू

इस जदिगी को जी ले तू,
थोड़ा घम छुपा ले तू,
थोड़ी खुशी बाँट ले तू,
थोड़े आँसू बहा ले तू।

चुप रह जा तू,
हाँ में हाँ मलिते जा तू,
अपनी ख्वाहिशों को मार दे तू,
थोड़े आँसू बहा ले तू।

अपनी पसंद नपसंद का ज़किर
ना कर तू,
सबकी बात सुन लीया कर तू,
परछाई की तरह पीछे रह तू,
थोड़े आँसू बहा ले तू।

आजादी का इंतजार मत कर तू,
खुशी पाने की इच्छा ना रख तू,
मौत से ना डर तू,
थोड़े आँसू बहा ले तू।

अपनी भावना को दबा दे तू,
सबके ताने सुन लीया कर तू,
इस जदिगी से हार जा तू,
अपने आँसू को छपाना सखि जा
तू।

क्या ये जदिगी है?
कभी खुशी तो कभी घम है,
बस बेरंग सी है,
चेहरे पे जूठी मुसकुराहत है ये,
सुनसान रातों में आँसुओं की
प्यासी है ये।

बचपन की कुछ दुंधली सी याद बातती हूँ I
चलती थी थामे जबी ,
अपनी मम्मी- पापा की उंगली II
उचलती थी खेलती थी,
उंची आसमान को चुनने के सपने आंखों में संजोतथी I
मचलती थी खेलती थी रास्तो मै चलकर दीदी के साथI ,
कुल्फी की मीठास में अपने बचपन के माजे लेटी थी II
मला प्यार माँ का,
पापा ने भी बड़े प्यार से बगिडा था I
मस्ती, मासूमयित ने प्यार का दमन ओढ़कर
बड़े दलि से मुस्काया था II
माना स्कूल की उमर हमारी कच्ची थी,
मगर दोस्ती हमारी पाकी थी II
होगा हवाई जहाज कागज का ,
मगर सपनों की उड़ान सच्ची थी II
भाग कार जाती कहनी सुनाने,
दादी के गद्दे पर I
बचपन बीता मस्ती में,
मानो सबसे मीठे सपनो का घर II
बचपन बीता ,
उम्र भी बतिा अब तो दखिता मुखौटा हर चेहरा पर I

ऑनलाइन सीखने के अनुभव - एक छात्र की दृष्टि से

ऑनलाइन शिक्षा प्रणाली (ई-लर्निंग) को सभी प्रकार के इलेक्ट्रॉनिक समर्थित शिक्षा आ और अध्यापन के रूप में परिभाषित किया जाता है। जो स्वाभाविक तौर पर क्रियात्मक होते हैं और जिनका उद्देश्य शिक्षार्थी के व्यक्तिगत अनुभव, अभ्यास और ज्ञान के सन्दर्भ में ज्ञान के निर्माण को प्रभावित करना है। सूचना एवं संचार प्रणालियाँ, चाहे वे नेटवर्क की व्यवस्था हो या न हो, शिक्षा प्रक्रिया को कार्यान्वित करने वाले विशेष माध्यम के रूप में अपनी सेवा प्रदान

करती है। ई- शिक्षा अनिवार्य रूप से कौशल एवं ज्ञान का कंप्यूटर एवं नेटवर्क समर्थित ई- शिक्षा इलेक्ट्रॉनिक अनुप्रयोगों और सीखने की प्रक्रियाओं के उपयोग को संदर्भित

अंतरण है। करता है। ई- शिक्षा के अनुप्रयोगों और प्रक्रियाओं में वेब- आधारित शिक्षा, कंप्यूटर- आधारित शिक्षा, आभासी कक्षाएं और डिजिटल सहयोग शामिल हैं। पाठ्य- सामग्रियों का वितरण इंटरनेट, इंटरनेट ऑडियो या वीडियो टेप, उपग्रह, टीवी और सीडी- रोम के माध्यम से किया जाता है। इसे खुद ब खुद या अनुदेशक के नेतृत्व में किया जा सकता है और इसका माध्यम पाठ, छवि, एनीमेशन, स्ट्रीमिंग वीडियो और ऑडियो है।

इन दिनों स्कूल प्रबंधन ने अपने विद्यार्थियों के लिए ऑनलाइन शिक्षा पद्धति को अपनाया। भारतीय

शिक्षा प्रणाली में यह एक नया प्रयोग था। कोरोना ने जब भारत में दस्तक दी तब तक स्कूलों में वार्षिक परीक्षाएं खत्म हो गई थीं और ये बच्चों समेत पूरे समाज के लिए राहत की बात थी। परंतु जब कोरोना का संकट गहराता गया और यह प्रतीत होने लगा कि यह अभी नहीं जाने वाला है। तब बच्चों की शिक्षा को सक्रिय करने की योजना बनने लगी। ऑनलाइन शिक्षण द्वारा बच्चों को पुनः स्कूल व शिक्षकों से जोड़ा गया। शिक्षक गतिविधियां रुक जाने से बच्चों के दैनिक जीवन शैली प्रभावित हो रही थी। देर तक सोना, कुछ भी समय से नहीं करना आदि जैसी प्रवृत्तियां बढ़ती जा रही थी। कोरोना के खौफ के साथ- साथ हम बच्चों की बदलती प्रवृत्ति थी उन्हें चिंतित कर रही थी। स्कूलों ने जब घर में बैठे बच्चों को ऑनलाइन शिक्षा के माध्यम से जोड़ा। स्कूल प्रबंधन ने एक रूटीन के तहत बच्चों को घर में ही पढ़ाने की शुरुआत की। स्कूल के ही युनिफॉर्म में बच्चों ५-६ घंटे स्मार्टफोन या लैपटॉप के आगे बैठ पढ़ाई करने लगे। आरंभ में यह एक नवीन प्रयोग के तौर पर किया जा रहा था परंतु बच्चे वे उनके परिवार के साथ साथ स्कूल के द्वारा भी। इसे सफल प्रयोग माना गया।
